

# Public Health Emergency!

(Insert event information)

If you or a family member were at (insert location) on (insert date and time), you may have been exposed to (insert event). It is important you seek medical attention immediately. Please go to the public health medication dispensing site at (insert location). Please take with you a Head of Household form. If you are picking up medication for others, please take their form with you. Do not take anyone with you who doesn't need to be there. Once there, you will receive the appropriate medication and information. Please do not bring weapons to the dispensing site. Security will be on hand for your protection and the protection of others. There is enough medication for all involved.
